

Promises From The Past

Promises from the past
There all true and steadfast
God made them all to last
His promises from the past
Promising

To give man a second chance
By grafting him in as a branch
Through his covenant that was sealed
When Jesus in the flesh fulfilled

For it's through Jesus sacrifice
That man escapes Satan's vice
Through his Spirit he will give
For those that in him live

Promises from the past
There all true and steadfast
God made them all to last
His promises from the past
Promising

Through prayer his Spirit will move
Coming with his word to prove
So the truth can be unlocked
That Satan through time has blocked

For Satan lies and conceals
But Jesus Spirit reveals
So the truth can be made clear
For those with an ear to hear

Promises from the past
There all true and steadfast
God made them all to to last
His promises from the past
Promising

His word will never fail
To deliver souls from hell
For his word is Jesus his Son
Who battled Satan and won

And his victory is man's to claim
Through the salvation of his name
For the mighty God has sworn
Those in Jesus will be fresh born
