

When God's Spirit Winds Blow

When God's Spirit winds blow
With irresistible force
It will launch your soul
On God's spiritual course

Once Jesus is received
In the human soul
God's Spirit winds come
And begin to blow

Cutting soul from spirit
Like a two edge sword
Replacing intellect
With the mind of the Lord

When God's Spirit winds blow
God's doing a new thing
And God alone knows
What changes they'll bring

But God will reveal
His ultimate end
If you'll stay on course
And ride with the wind
