

She Will Not Succeed  
By Sam Weaver

She Will Not Succeed

She's on the errand  
Of a fool indeed  
And by the living God  
She will not succeed

She wants America  
To break off with her past  
And the darkness in her  
Is coming out fast

For what does this  
Nation's past embrace  
A covenant that gave  
Our forefathers grace

Breaking away from the past  
Means Jesus would be barred  
And descending darkness  
Would come without the Lord

Jesus isn't threatened  
Why should He be  
He overrides earthly schemes  
From eternity

She thinks her new ideas  
Can tare us apart  
But God predestined  
This nation from the start

It started with an uncharted voyage  
To a predestined place  
Where our forefathers prayed through  
And found Jesus grace

She's on the errand  
Of a fool indeed  
And by the living God  
She will nor succeed

Ephesians Chapter 1-Verses 4,5.  
Jesus foreknows and predestinates.
