### What's Wrong With This Picture

What's wrong with this picture  
Against Dixie Land  
That Lincoln was God's  
Providential hand

God didn't need war  
To perform His will  
He didn't need to  
Destroy mane and kill

That was the North's idea  
And there's alone  
For God's ways are not  
To destroy His own

Slavery's an evil  
And it was back then  
But God didn't need war  
To bring it to an end

Why would the prince of peace  
Need a war to save  
And put eight hundred  
Thousand in their grave

Lincoln used force  
To deal with the heart  
And resentment gave  
Freed slaves a bad start

Lincoln was God's hand  
This picture's supported  
But if you know God's word  
This picture's distorted

Luke Chapter 12, Verse 2.

For there is nothing covered that will not be revealed, nor hidden that will not be known.
