A Thought Journey

(Through You And Yours)

Jesus, why do people
Have contempt for you
And look on your word
As an imposing view

Why can't you make them
Understand and see
Your the only one
That can make them free

Lord why won't you come
Vindicate your cause
And put into their hearts
Your ways and laws

My son with out a cause
They have hated me
But through My people
I'll help make them see

Faith and obedience
Is all I require
To pull lost souls
Out of the fire

My son vindication
I do not need
But through you and yours
I'll vindicate my seed
